"Self-motivated, enthusiastic, and results-driven aspiring full-stack developer with a strong passion for building dynamic, user-centric applications. Eager to contribute to a stimulating environment that fosters learning and growth while leveraging my technical expertise to drive innovation and value for the organisation."

WORK EXPERIENCE

Software Developer Intern Salesforce

01/2024 - 02/2024

Bihar, India

- Developed custom applications using Salesforce Lightning, Apex, and Visualforce, and integrated third-party APIs to extend platform functionality.
- Automated business workflows and optimized data integrity through Apex Triggers, Validation Rules, and SOQL queries, enhancing business process efficiency.
- Collaborated with cross-functional teams to implement new CRM features, troubleshoot production issues and improve data analysis with Reports and Dashboards.
- Tech Used:- HTML, CSS, Javascript, Salesforce Lightning, Apex, Visualforce, SOQL

PROJECTS

AcadElevate Smart India Hackathon

09/2024 - Present

- Developing a system to streamline faculty self-appraisal and career development, integrating a recommendation system for continuous improvement.
- Implementing real-time activity logging for accurate record-keeping and creating an admin panel with performance analytics using a leaderboard, charts, and graphs.
- Setting up automated email notifications and reminders for important updates and deadlines to enhance faculty engagement and efficiency.
- Tech Used:- HTML, Tailwind CSS, JavaScript, React, Java, SpringBoot, MySQL

EchoEcom E-commerce Web App

04/2024 - 06/2024

- Develop an e-commerce application with user authentication features, including registration, login/logout, and secure access using JWT tokens.
- Implement core shopping functionalities like product search, filtering, shopping cart management with CRUD operations, order placement, product rating/review features along with Razorpay integration for secure payments.
- Create an interactive admin panel to manage users efficiently, products, and order statuses.
- Tech Used:- HTML, Tailwind CSS, JavaScript, React, Java, SpringBoot, MySQL, React-Redux

EDUCATION

B.Tech (Computer Science) B.P. Mandal College Of Engineering, Madhepura

09/2022 - Present

2nd Rank

CGPA : 8.84

TECHNICAL SKILLS

Java

Spring

SpringBoot

JSP

Servlet

Data Structures & Algorithms

Problem Solving

Object Oriented Programming

JavaScript

React

Python

HTML

CSS

Tailwind CSS

SQL

Hibernate

jQuery
